

## **STATEMENT OF PURPOSE**

### **RS22129C2**

To provide for the orderly operation of public school district and public charter school business. To provide for a one year duration of all agreements with regard to salaries, benefits, and any items with a direct or indirect cost to the school district's budget, and to allow for a two year duration of all agreements with regard to other items between a public school district or public charter school and the professional personnel of the district, consistent with the timing of and duration of the fiscal year of the school.

Given the timing and duration of such agreements, the fact-finding process, and expensive advisory process, is not cost-effective nor timely.

In an effort to collect good data on the effectiveness of one-year agreements, a one year sunset clause is included.

### **FISCAL NOTE**

No fiscal impact to the state while providing financial certainty to individual districts with regard to the largest portion of its budget, in a time frame necessary for the annual budgeting process.
